

An experiment in story telling celebrating people, connections and their passions, a blueprint for a future?

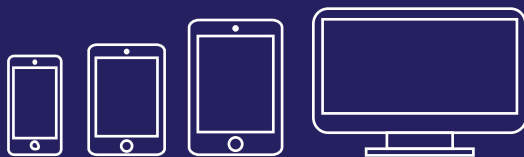

An experiment in story telling celebrating people, connections and their passions, a blueprint for a future?

How do you link town and countryside?

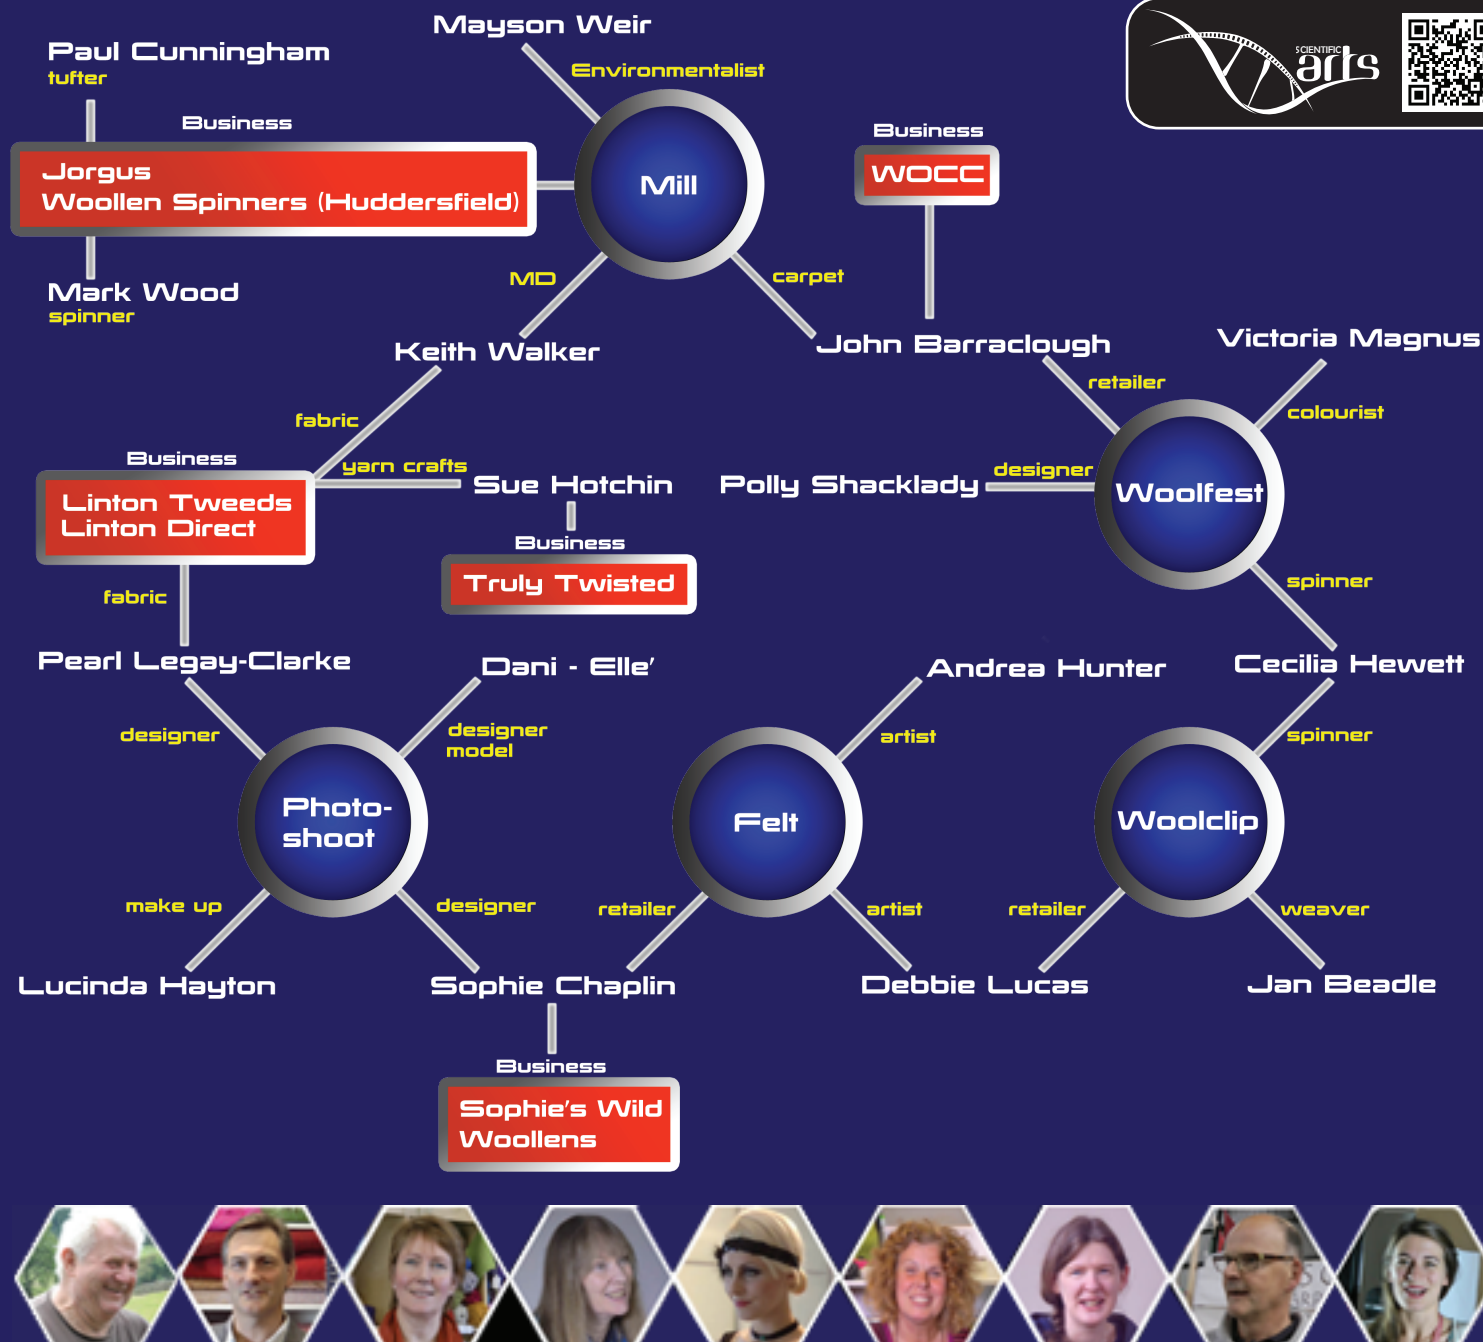

Follow the stories, the interactions, the skills of those who fought the trends and carved out a new future in the far North West of England.

Using the latest HTML 5 video platform

*Multiplatform delivery
from Smart TV to phone*

We use the latest HTML 5 interactive video and new story telling techniques to show how new networks are developing in our countryside.

Reviews

Bravo! beautifully made... ..really captures the passions FANTASTIC. You guys are onto something big here.. inspirational... complexity of interweaving characters and connections ...the video is terrific true techy artists...
